

## **ANTI-MONEY LAUNDERING & KNOW YOUR CUSTOMER (AML/KYC) POLICY**

GreatBless Global Markets Ltd ("the Company," "GreatBless," "we," "us," or "our") is strictly committed to the prevention of money laundering, the financing of terrorism, and other financial crimes. We maintain comprehensive, standard internal policies and procedures to ensure compliance with applicable international standards and local regulations. Our platform will not be used to facilitate illegal activities. Any client who violates these policies may be subject to immediate account termination, and suspicious activities will be reported to the relevant authorities. This Public AML/KYC Policy provides a summary of our internal Procedures Manual and explains the requirements for our clients.

**1. Compliance and Governance** We operate under a strict compliance culture. GreatBless has appointed a Compliance Officer who is responsible for overseeing the Company's adherence to all AML/KYC regulations, including the ongoing training of relevant staff.

**2. Client Identification and Verification (KYC)** No client may open a trading account or engage in trading activities with GreatBless until they have successfully completed our standardized Know Your Customer (KYC) verification process. We require the following verification documentation from every client:

**2.1. Verification of Identity (For Individuals)** Clients must provide a valid, government-issued photo identification document (e.g., Passport, National ID Card, or Driver's License). The document must be clearly readable, not expired, and show the client's full name and date of birth.

**2.2. Verification of Corporate Clients and Entities** For clients that are not natural persons, GreatBless will perform Enhanced Due Diligence (EDD). This includes collecting and verifying the entity's registration documents, identifying and verifying the Ultimate Beneficial Owners (UBOs) (any individual who holds more than 25% of the entity's shares, voting rights, or controls the entity through other means), and verifying the identity of the authorized signatory on the account.

**2.3. Verification of Residence** Clients must provide a high-resolution, full copy of a document proving their residential address. Acceptable documents include utility bills (e.g., electricity, water, gas), bank statements, or official government tax letters issued within the last three (3) months. The document must match the full name and residential address provided during registration.

**2.4. Source of Funds (SoF) Verification** GreatBless reserves the right to request documentation from any client to verify the source of the funds they intend to deposit or have deposited. This may include bank statements showing a history of funds, salary slips, audited financial statements for entities, or documentation proving the sale of an asset. We will not accept deposits from unknown or unverified sources.

**3. Sanctions and Prohibited Clients** GreatBless will strictly refuse to onboard, provide services to, or accept funds from any individual or entity listed on international or local sanctions lists,

including but not limited to lists maintained by the United Nations (UN), the European Union (EU), the Office of Foreign Assets Control (OFAC), and the UK's Office of Financial Sanctions Implementation (OFSI). Accounts identified as belonging to shell banks will be rejected.

**4. Enhanced Due Diligence (EDD) for High-Risk Clients** GreatBless performs Enhanced Due Diligence (EDD) for clients determined to be high-risk. This includes but is not limited to: \* Clients from jurisdictions identified by the Financial Action Task Force (FATF) or other standard bodies as having strategic AML/CFT deficiencies. \* Politically Exposed Persons (PEPs) and their close associates. \* Clients involved in high-risk businesses. Onboarding of any high-risk client requires senior management approval.

**5. Transactional Surveillance and Withdrawal Policy** We perform regular and automated ongoing monitoring of client accounts and transactions to detect unusual, suspicious, or high-risk patterns. This includes, but is not limited to, monitoring for rapid turnover of funds, cash-like deposits, and trading patterns inconsistent with the client's profile. GreatBless enforces a strict "Closed-loop Withdrawal" policy. Clients must withdraw funds using the same payment method and bank account/wallet address they used to make their original deposit, up to the initial deposit amount. This prevents obfuscating the origin of funds. GreatBless reserves the right to reject any withdrawal request that does not comply with this closed-loop principle.

**6. Reporting of Suspicious Activities (SARs)** If we detect any activity that we have reason to believe may be linked to money laundering, terrorism financing, or any other criminal activity, our Compliance Officer will ensure that a Suspicious Activity Report (SAR) is filed with the appropriate regulatory and law enforcement authorities. We are prohibited by law from "tipping off" a client that their activity is being investigated or that a SAR has been filed.

**7. Record Keeping** GreatBless maintains all records relating to client identification (KYC) and transactional history for a minimum period of five (5) years after the termination of the business relationship or the completion of the final transaction. This ensures audit trails are available for inspection by competent authorities.
